renowned historian bernard lewis charts the history of the middle east over the last 2 000 years from the birth of christianity through the modern era focusing on the successive transformations that have shaped it drawing on material from a multitude of sources including the work of archaeologists and scholars lewis chronologically traces the political economical social and cultural development of the middle east from hellenization in antiquity to the impact of westernization on islamic culture meticulously researched this enlightening narrative explores the patterns of history that have repeated themselves in the middle east from the ancient conflicts to the current geographical and religious disputes between the arabs and the israelis lewis examines the ability of this region to unite and solve its problems and asks if in the future these unresolved conflicts will ultimately lead to the ethnic and cultural factionalism that tore apart the former yugoslavia elegantly written scholarly yet accessible this is the most comprehensive single volume history of the region ever written from the world s foremost authority on the middle east

praised for its straightforward and accessible style this text provides a general introduction to the chief elements in middle eastern history allowing readers to proceed into

more specialized topics and themes with a solid understanding of the most current scholarship in the field

western civilization began in the middle east judaism and christianity as well as islam were born there for over a millennium the islamic empires were ahead of the west in learning technology and medicine and were militarily far more powerful it took another three hundred centuries for the west to catch up and overtake the middle east why does it seem different now why does osama bin laden see 1918 with the fall of the ottoman empire as the year everything changed these issues are explained in historical detail here in a way that deliberately seeks to go behind the rhetoric to the roots of present conflicts a brief history of the middle east is essential reading for an intelligent reader wanting to understand what one of the world s key regions is all about fully updated with a new section on the iraq invasion of 2003 the question of iran and the full context of the isreali palestine conflict

why is the middle east entering a new era is it a new dawn is it a setting sun in the third decade of the twenty first century the middle east is entering a new era a multifaceted and intricate equilibrium will write the next chapter of this region the new era we are entering is fraught with challenges and full of opportunities the new era is both defined by and a result of a combination of ancient and modern domestic regional and international processes iran and turkey each strive to position themselves as the regional superpower in parallel the people of the region struggle to overcome increasing domestic challenges these developments combined with an escalating struggle over path identity and direction could result in a new model of statehood in the arab world while some countries take the turbulent path toward a possible new statehood model others are fighting for their sovereignty and survival all of this is occurring while western hegemony in the middle east is coming to an end and the eastern giants are on the rise acclaimed middle east expert an israeli fluent in arabic english and hebrew avi melamed has a proven exceptional record of foreseeing the evolution of events in the middle east and their impact on a local and regional level in this book melamed takes you on a fascinating eye opening journey through the geopolitical landscape of the middle east in the third decade of the twenty first century he challenges common western concepts narratives and theories and he provides predictions about some of the most central regional issues of the day using primarily sources from the region avi melamed provides a professional rare insider s view and clearly and insightfully contextualizes current regional events inside the middle east entering a new era provides the knowledge and tools to connect the dots this distinct understanding allows the reader to build a multidimensional picture of the geopolitical reality of the middle east today and provides an unparalleled foundation for navigating the events of tomorrow

first published in 1979 this college level introductory text ranges chronologically from the beginnings of islam to the present extensive revisions reflect new scholarship and the most recent events in the middle east including the aftermath of the gulf war and issues surrounding the palestinian question annotation copyright by book news inc portland or
