in this compelling piece of narrative history capponi describes the clash between the ottoman empire and the holy league that led to the battle of lepanto and takes a fresh look at the bloody struggle at sea between oared fighting galleys and determined men of faith

since the battle of the little bighorn george armstrong custer has possessed one of the most unique places in american history although he was a capable cavalry officer who served honorably during the civil war he remains one of the most instantly identifiable and famous military men in american history due to the fact he was killed during one of the country s most well known and ignominious defeats the battle of little bighorn at the same time this one relatively insignificant battle during america s indian wars has become one of the country s most mythologized events and continues to fascinate americans nearly 140 years later on the morning of june 25 custer s scouts discovered a native american village about 15 miles away in the valley of the little bighorn river choosing to disregard his superiors orders to wait for a concerted effort the grandstanding custer intended to deliver his own decisive victory by dividing his command into three units an extremely bold tactic when done in the face of a much larger force due to their belief in the inferiority of the plains indians and mindful of previous indian tactics that sought to avoid pitched battle custer and his men were most concerned with forcing the action and failed to understand the true nature of the situation they had entered the native american gathering centered around the famous sioux chief sitting bull numbered roughly 8 000 individuals and about 2 000 of them were warriors custer s forces amounted to a mere 31 officers 566 troopers and 50 scouts and civilians and they had been split into three columns in order to stop a possible retreat before the battle it is believed custer thought he was facing a group of about 800 which was sitting bull s strength in the weeks before the battle however the army s native american scouts and civilian scouts had not adequately informed the army of the reinforcements that arrived and at little bighorn custer s three pronged attack was completely overwhelmed how custer met his fate and whether there even was a last stand remain subjects of debate but what is known is that the battle of the little bighorn was one of the u s military s biggest debacles all told the 7th cavalry suffered over 50 casualties with over 250 men killed and over 50 wounded the dead included custer s brothers boston and thomas his brother in law james calhoun and his nephew henry reed custer and his men were buried where they fell a year later custer s remains or more accurately the remains found in the spot labeled with his name were relocated to west point for final interment

includes pictures includes accounts of the fighting written by generals on both sides explains how francis scott key witnessed the battle and wrote the national anthem includes online resources and a bibliography for further reading includes a table of contents and the rockets red glare the bombs bursting in air gave proof through the night that our flag was still there francis scott key sandwiched between the revolution and the civil war the war of 1812 is one of america s forgotten conflicts

and the stalemated nature of the war which resolved virtually none of either side's war aims has also ensured that it is often given merely a cursory overview indeed one of the few aspects of the war that remains common knowledge is that the most famous battle the battle of New Orleans was fought after the Treaty of Ghent had formally ended the war one other famous aspect of the war is that one of the battles inspired Francis Scott Key to pen the Star Spangled Banner which ultimately became America's national anthem while the British horrified many Americans with the ease in which they sacked the capital at Washington they faced stiff resistance around Baltimore with American forces successfully fighting a delaying action that allowed for a proper defense of the city and its harbor on September 13 1814 Key and others bore witness to a heavy British bombardment of Fort Mchenry that lasted for over a day yet they proved unable to reduce the American defenses despite trying to land an invasion force outside the fort in the wake of the unsuccessful assault the British pulled back their forces spurring Francis Scott Key to write the poem Defence of Mchenry ironically the lyrics to that poem would eventually go together with an old popular British hymn to produce America's Star Spangled Banner the battle of Baltimore during the War of 1812 the history of the battle that inspired the national anthem looks at the campaign that culminated with the battle and its influence on Francis Scott Key along with pictures and a bibliography you will learn about the battle of Baltimore like never before in no time at all
